Re: [Job Title]

Dear Hiring Manager,

I am excited to apply for the [Job Title] position at [Company Name]. I bring more than five years of front desk, scheduling, and customer service experience in busy offices, and I am known for staying calm, friendly, and organized when the phones are ringing and people need answers.

At Crane Pest Control, I scheduled and confirmed service appointments, kept accurate customer records, and resolved concerns with patience and professionalism. At Freeway Insurance, I managed incoming calls, emails, and front desk inquiries, protected confidential client records, and entered information accurately into internal systems. At Hertz, I verified customer identification and documentation and greeted every customer and visitor with a professional first impression.

What I would bring to [Company Name] is dependable follow-through, clear communication, and genuine care for the people I help. I pay close attention to detail, learn new systems quickly, and treat every caller and visitor with respect.

I would welcome the chance to talk about how I can support your team. Thank you for your time and consideration.

Sincerely,
Crystal Suber
