Re: [Job Title]

Dear Hiring Manager,

I am excited to apply for the [Job Title] position at [Company Name]. I am a California CPT I certified phlebotomist (issued July 2026) who completed hands-on clinical training at GCC Laboratories in Oakland, where I performed more than 100 successful venipuncture blood draws.

During training I practiced patient identification, specimen labeling, and chain-of-custody procedures, kept my workstation clean and organized, and documented patient information and test orders accurately. I learned that a calm voice and clear explanation make a real difference for nervous patients, and I work to put each person at ease.

I also bring more than five years of customer-facing experience in scheduling, records management, and high-volume communication. That background helps me stay organized, handle a busy schedule, and treat every patient with patience and respect.

I am reliable, detail-oriented, and eager to keep building my skills as part of your team. Thank you for your time and consideration. I would welcome the chance to speak with you.

Sincerely,
Crystal Suber
